

7 June 1982
MLD-2029

MEMORANDUM FOR: Director, FBIS

FROM: Chief, London Bureau

THROUGH: Chief, Operations Group

SUBJECT: Monthly Report -- London Bureau -- May 1982

I. GENERAL

✓ A. AG analyst [] at the end of his TDY here during which he made a study of Soviet television, gave a presentation to BBC and FBIS staff on his findings. It was very well attended and received high praise from all quarters, both for the substance of the talk and the manner of presentation. [] called it "fascinating".

STAT

B. At BBC request, London Bureau FBIS technicians recorded an ITV program to mark the 50th anniversary of the External Services that included segments on the Monitoring Service. We arranged two showings on our equipment for BBC staffers.

STAT

II. OPERATIONS

A. Editorial/Monitorial

1. May Day speeches, disturbances in Poland, the intensification of the Gulf War, and numerous other events, visits and meetings throughout the coverage area produced a high level of operational activity, which further intensified as the Falklands dispute deteriorated into military conflict. Bureau editors and monitors carefully watched local radio, television and press agency targets for British reportage on the situation, and the monitoring equipment installed in the editorial room last month remained in constant use. Despite official, close management of the news, important material surfaced regularly from MoD press conferences, Commons debates and elsewhere, with the PRESS ASSOCIATION continuing to be the most productive source. As land, sea and air battles developed

-2-

in and around the islands, the bureau filed several ZZ messages, although none prompted special procedures. Nevertheless, Headquarters' praise for the bureau's efforts clearly confirmed the value of the file.

2. Moscow, too, was a focus of attention in May. Brezhnev spoke on several occasions; at the 19th Komsomol Congress he replied to recent statements by President Reagan on strategic arms limitation. Soviet reaction to Reagan's remarks and comment on disarmament in general produced much wordage. A CPSU Central Committee plenum and a Supreme Soviet session were also covered. In covering the former, the bureau expeditiously reported the election of Andropov as Central Committee secretary, a move which stirred the succession brew and whetted appetites for Moscow television footage of Kremlin leadership lineups. None were aired until late in the month and early in June, when video recordings of the pertinent Vremya newscasts were expedited to Analysis Group. The Supreme Soviet's appointment of Fedorchuk as the new head of the KGB was also reported, but the key Caversham effort in handling the Supreme Soviet session was the rapid processing and filing of the "Food Program for the Period Until 1990." The BBC mobilized its Russian team to translate 22 takes that were refiled over the bureau's dedicated circuit to facilitate Wire distribution to consumers. The Moscow Embassy praised the "excellent and timely FBIS London transcript."

- ✓ 3. Bureau satellite monitoring resources were stretched thin as a result of the host of extra Moscow television programs required for the survey of visiting AG analyst [] and the retirement of monitor [] but extra efforts by the remaining TV monitor and several editors yielded good editorial reports on the live relay of the Red Square parade marking the 60th anniversary of the All-Union Pioneers and other Moscow events. BBC assistance in handling some Vremya casts and other Moscow programs made it possible to maintain a minimum level of coverage during the most difficult periods. BBC's first venture in video reporting -- the documentary "Hard Times in Poland" -- received praise from Headquarters.

STAT
STAT

4. The value of the ROSET antenna was demonstrated in areas other than Moscow television: On the 23d the BBC began experimental coverage of the Riyadh Domestic Service 1130 newscast from dish recordings after usual shortwave reception became too poor for consistent monitoring. Another important coverage development was

-3-

the disappearance of the Soviet SSB relays of Kabul radio almost exactly 2 years after they were inaugurated. BBC turned to monitoring the transmitter via the Islamabad line. Details of these new arrangements have been reported to FCS.

- ✓ 5. PMU responded to 'high-level' or 'strong' consumer interest by providing the texts of a Chernenko article in the CPSU journal KOMMUNIST on 'The Leading Role of the Party of Communists,' which was translated expeditiously from FAXed copy (12,000 words); and of a Fedor Burlatskiy article (15,000 words) in the literary journal NOVYY MIR (a relatively unproductive source in the field) which ostensibly dealt with Chinese succession problems but which, in an AG trends article, was demonstrated to have relevance to analogous Soviet concerns.
- ✓ 6. PMU resumed coverage of two Egyptian publications which became available again during May following lengthy suspensions: Cairo AL-AHALI (after an absence of 43 months) and Cairo ASH-SHA'B (after more than a year).

B. Technical

The BBC have completed the reengineering of the VCVC in order that the secondary circuit takes over from the primary circuit when a line fault (carrier fail condition) occurs.

C. Islamabad Unit

1. The unit began to record Xinjiang programs daily for the Hong Kong Bureau, where this station is unmonitorable in the summer months. The recordings began on 2 May and are being pouched twice a week.
2. [] Director, FBIS, paid a 3-day visit to the unit and met with Ambassador Spiers and other embassy officers. He toured the future FBIS site and attended a dinner in his honor. STAT
3. [] Special Assistant II in the BBC's Reception Department, visited the unit while in Islamabad on a recruiting trip. STAT

III. ADMINISTRATION

A. Personnel

1. [] replacing [] as Chief Editor, arrived PCS 14 May. His family will follow later this summer. STAT

-4-

2. [] departed PCS/4 June. STAT
3. Veteran Russian monitor [] retired on 25 May. STAT
4. Comcenter Supervisor [] underwent successful heart bypass surgery on 24 May and was discharged from the hospital 3 June for further recuperation at home. STAT
5. Wireroom supervisor [] was readmitted to the hospital on 28 May. STAT
6. PMU has placed a Polish/French applicant in process. The campaign to fill the two Russian positions continues.

B. Buildings and Grounds

Discussions have taken place with British Telecommunications regarding the programming of the proposed new "Herald" electronic telephone system. We are hoping for a 1 October installation.

III. VISITS

To the Bureau: [] AG analyst, 20 April - 21 May; [] STAT
 [] Tel Aviv cruiser. 13 January - 3 May; Gulf Bureau Chief [] STAT
 [] 6-7 May; [] AG analyst and London deputy [] STAT
 designate, and her husband, 10 May (unofficial); Nicosia Bureau Chief
 Designate [] 25 May; [] Chief, AG Research [] STAT
 Branch, 31 May - 7 June.

From the Bureau: Wireroom Supervisor [] to Abidjan Bureau
 on a training mission 8 May - 6 June. STAT
